**Epreuve orale**

Durée de l'épreuve: 20 minutes

Préparation : 20 minutes

**1. Première partie:** durée 10 minutes, préparation 10 minutes.

**SUJET n°1**

**Project preparation: first interview between client and architect**

You are an architectural assistant and you have just met a potential client, who is British and who has inherited a plot of land measuring 510m<sup>2</sup> in the Paris region.

**ROLEPLAY:**

You should ask a series of questions while taking notes in order that you are able to draw up a quote for the projected plans. These questions should cover:

- general position and details of the plot of land
- desired style of the house
- number of rooms
- desired interior design

Once this is done the client will offer you a sketch of his project. You will examine it carefully and ask what his budget is .

With the help of your notes you will assure your client that you have noted all the necessary information.

However some details are not clear. You propose a new sketch, given on annexe and explain the changes to the client. Don't forget to mention the best choice regarding energy, materials....

**Annexes:**

1. map/ location plan/ block plan
2. Details about the client
3. two sketches
